Sgt. McVay:

I am Donald Blanscet CDL S0441194

We met yesterday through officer Oleson re: helmet violation.

In the event the cite issued to me is not withdrawn by your Dept., please be advised that per discovery rules I will be seeking the following...

Radio traffic transcripts between officers Oleson and Lewis pertaining to my stop and citation.

Traffic transcript between you and officer Olson pertaining to my stop by Oleson.

A copy of Oleson's citation # 11348CH which should be the cite officer Olson started and voided to Mark Temple for the same violation as myself.

An internal affairs complaint form.

A copy of Citrus Heights helmet enforcement policy.

A copy of any special training you, Officers Oleson or Lewis might have received pertaining to helmet law enforcement.

Please respond back as to your intentions ASAP. If you intend to proceed with prosecutions, please let me know and I will serve you with discovery demands on June 16th.

If the cite is to be withdrawn, please be so kind as to respond and let me know that also.

This demand in no way limits or waives any other discovery requests that arise in the future.

Thank you in advance for your cooperation.

Donald Blanscet
